	APPROVAL OF STATE ENGINEER
	,
	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
follo	wing limitations and conditions: This permit is issued subject to all existing rights on
	the source. It is understood that the amount of water herein granted is one a temporary allowance and that the final water right obtained under this
	permit will be dependent upon the amount of water actually placed to
•	beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level at permittee's well due to
	any other ground water development in the area. A substantial weir or
	other type of measuring device must be installed and measurements of water
•	use kept. The well shall be equipped with a 2-inch opening for measuring
	depth to water. If well is flowing, a valve must be installed and maintai
	to prevent waste. The State retains the right to regulate the use of the
	water herein granted at any and all times.
	water herein granted at any and all times. The 4.0 acre-foot/acre duty granted herein is only a temporary allows
